

WOODEN DK WINDOWS

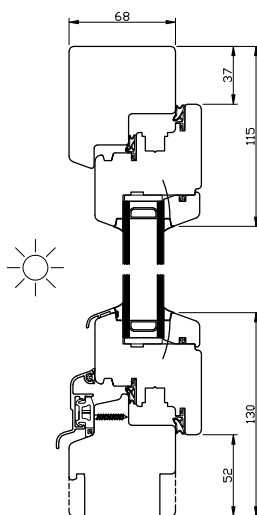

Inward opening DK wooden windows have many advantages compared to other products because of their functionality. The windows have both turn and tilt opening plus are equipped with a micro-ventilation solution and are very easily adjustable if needed. The possibility to choose from three different profile thicknesses enables us to provide the best solution for warm climates or summer cottages to passive houses alike.

TECHNICAL DATA

	IV68 Window	IV78 Window	IV92 Window
Opening style	Inward (DK)	Inward (DK)	Inward (DK)
Thermal transmittance coefficient (U-value) (for standard 1230x1480mm openable window) (wood – pine)	Uw=1,4 W/m2K	Uw=0,89 W/m2K	Uw=0,78 W/m2K
Thermal transmittance coefficient (U-value) (for standard 1230x1480mm non-openable window) (wood – pine)	Uw=1,3 W/m2K	Uw=0,83 W/m2K	Uw=0,7 W/m2K
Glazing (standard solution)	2k 4-18ar-4es (Ug - 1,1 W/m2K)	3k 4es-14ChrU ar-4-14ChrU ar-4es (Ug-0,6 W/m2K)	3k 4es-18ChrU ar-4-18ChrU ar-4es (Ug-0,5 W/m2K)
Sound reduction value (standard solution)	Rw (C, Ctr) 33 (-1, -4) dB	Rw (C,Ctr) 34 (-1,-4) dB	Rw (C, Ctr) 33 (-1, -7) dB
Depth of frame and sash	68 mm	78 mm	92 mm
Glazing thickness	24-30 (standard 26mm)	34 - 40 mm (standard 40mm)	48-54 mm (standard 48mm)
Air permeability	Class 4	Class 4	Class 4
Resistance to wind load	C5	C5	C5
Water tightness	E900	E900	E900

GLAZING

Good glazing is an essential part of any good window. In addition to the excellent energy saving characteristics quality glass units nowadays have, they offer many possibilities for comfort and protection. In our products it is possible to choose as extra between tempered and laminated glazing for protection, solar protection glazing to keep away the hot summer sun, sound reduction glasses as well as self-cleaning glazing. A well thought through glazing package ensures comfortable living for many years.

HANDLES

A well picked handle is for a window like an icing on a cake working both as an interior design element and a functional tool. We supply handles in a variety of colours from a wide range of handle types from which it is easy to choose a favourite.
